Restriction of the use of certain Hazardous Substance (RoHS)

ICCNexergy, inc, who manufactures power supplies under the brand name Elpac Electronics, Inc. certifies that all of the materials, components or assemblies supplied in this product:

FWB100 Series

are designated as "RoHS Compliant" are in full compliance with EC directive 2002/95/EC (the RoHS Directive), EC directive 76/69/EEC (Restrictions on the Marketing and use of dangerous substance and preparations), as amended and the national legislation of member states within the European Community implementing such directives (the Applicable Legislation).

Either the maximum concentration values by weight in homogenous materials for the substances referred to in Article 4(1) of the RoHS Directive that are contained in the Product do not exceed the Maximum concentration values of 0.1% in respect to Lead, Mercury, Hexavalent Chromium, Polybrominated Biphenyls, Polybrominated Diphenyl Ethers and 0.01% in respect of Cadmium; or the use of such substances at higher concentrations is exempt under Annex to the RoHS Directive 2002/95/EC (in which case Elpac Electronics will identify clearly each relevant product and the exemption that applies to it).

The product does not have any exemptions, and has been RoHS compliant since the initial release of the product to the market.
